FORMULARY NAVIGATOR™

Industry-leading provider of pharmacy and medical drug list management trusted by more than 70 organizations

MMIT
a norstella company

MMIT offers an end-to-end solution that enables payers to manage both pharmacy and medical benefit drugs in one platform.

Reduce Manual Processes

Streamline Pharmacy Operations

Satisfy Compliance Requirements

Formulary Navigator Suite of Offerings:

Formulary Management

- Streamline formulary management via automated compliant workflows.

- Access robust transaction history to support government audits.

- Manage separate drug lists and automatically combine with core formularies.
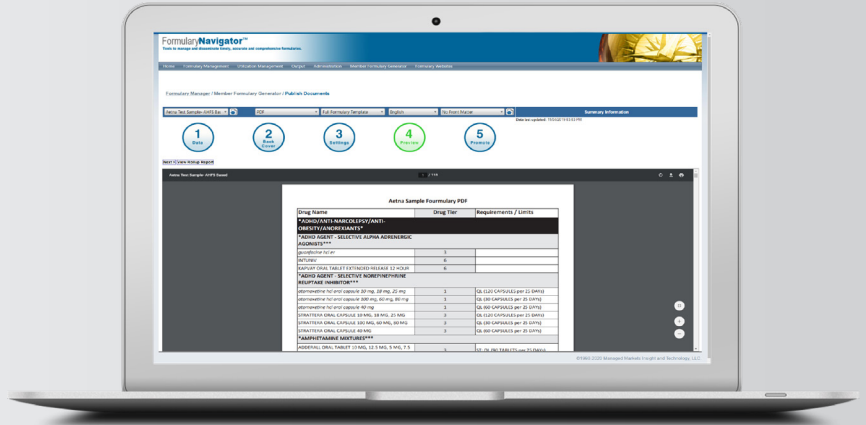

Submission & Publishing

- Create submission-ready regulatory files automatically.

- Adhere to state and federal publishing guidelines.

- Meet internal brand standards through highly configurable templates.

Medical Drug Lists

- Build and manage medical drug lists and stay current with drug compendiums.

- Publish medical drug list documents and websites to internal and external stakeholders.

Searchable Formulary Websites

- Generate websites for providers, members, call centers, internal teams and more!

- Meet internal brand standards and regulatory requirements through highly configurable, dynamic templates.

FORMULARY NAVIGATOR™

The workflow tool used by the largest health systems and PBMs in the US market.

Client Success:

> **By leveraging Formulary Navigator's accessibility and language functionality, we were able to save around $250k in annual remediation costs.**
>
> – VP, Pharmacy Operations

> **We've grown substantially this year and now manage a third more formularies than we did in prior years. Thanks to Navigator, we have been able to do this without increasing Pharmacy Operations staff.**
>
> – Director, Pharmacy Operations

100% FOCUSED ON THE CLIENT EXPERIENCE

We partner with your Pharmacy Operations team to understand your business-specific operations and infuse industry-leading practices to help your organization realize the full value of Formulary Navigator.
